

Little White Bus changes in Timetable and Services from the

28th November 2022

Garsdale Service, 113 - two major changes here. The service will no longer go up for last train at 1905hr but will now meet the 1821hr train. Services after 1821hr will become book in advance only. The service will continue run two scheduled services in the morning and the 1655hr and the new 1755hr service in the afternoon. In addition, the service will no longer run on a Sunday. This brings it in line with other LWB fully funded services. Work will be ongoing to examine the feasibility of running a Sunday service during the summer of 2023 and beyond.

Wensleydale Voyager, 156 - there are some small timing changes to this timetable with the Leyburn bus starting and finishing slightly earlier to allow passengers to book a ticket from Leyburn to Garsdale Station, coordinating with the first outbound Garsdale Shuttle service. In addition, buses will only make three scheduled stops at Sycamore Hall each day. Non-scheduled stops will become book in advance only, and booking should be made through the office.

Swaledale Shuttle, 30 - no major changes here, but there is an emergency timetable in operation from 7th November to 16th December. When the emergency timetable has finished the Wednesday morning bus that starts in Keld at 10.15am will coordinate with the Richmond Rover bus to Northallerton. The return bus will coordinate with the 1535hr service from Richmond to Keld.

Richmondshire Rover, RR1 - funding has been secured to run this service on Wednesdays to Northallerton until April 2023, and a bid has been made to extend that funding from April 2023 for two further years. The timing of the bus has been altered to allow it to meet the inbound Swaledale bus in Richmond at 1120hr. Regrettably, funding is not available for the Thursday service, and this will now cease. The last Ripon service will be 17th November and the last Barnard Castle service will be 24th November. To allow passengers from Melsonby to access other destinations, the LWB trips (to Teesside etc) will be extended to enable pick-ups in Melsonby.

Timetables for all services will be available next week. If you would like copies of timetables for distribution in your area, please reply to this e-mail giving details of the timetables required and your postal address.
